

88 THE STRANGE APOTHEOSIS OF SUN
YAT-SEN

M. Jose lias parted from Dr. Sun Yat-sen on the most cordial and friendly terms. On leaving Japan to which lie is now proceeding, lie will again visit South China before finally returning to Peking.

It will be noticed that M. Joffe was negotiating on important questions of foreign' policy with a rebel leader who had sought asylum in the French Concession in Shanghai. And it may be added that Outer Mongolia remains **to** this day an in-tegral part of the Soviet Republic.
